The Group 5 races, now on **Saturday** are Racing Club events. This means that the Racing Club rules apply and no points can be scored for the championship. The password is still the league password. These races are a service to those who didn't make it to the top 100. At least they can still drive a race after a week of hard practice.

Warning to all drivers

Overall, the driving standard in most groups was very pleasing. The incident report turned out to be very low on this one. But because of the summer break and most drivers do tend to forget what the rules are, hereby we enforce everyone again to read the rules just to be sure.

Please read and obey the Rules and Regulations for this League here:

Race 2.

Helder Filipe (Driving in the wrong group)
Sidonio Moreira
Jims Bong

Absence

If you can't make it to the race, while you did set a lap time in pre-qualification, you must **report your absence**. You can do this by sending an e-mail to absences@racedepartment.com. Don't forget to add your name and startnumber in the "subject" of the e-mail: WTCC – [name] – [start#]. You must do this at least 24 hours before the start of the race!

Incidents

If you have encountered a driver breaking the rules or making questionable manoeuvres, you can contact the Race Direction to let them investigate the matter. You must however make sure you have **checked the replay** of the incident before you report anything. Reports can be sent **between 3 and 48 hours after the race**. Please make sure you also add the names of the involved drivers, their startnumbers, the time of the incident (in replay seconds) and a short description of the incident.

Send you incident reports to incidents@racedepartment.com.

The skinpack can be downloaded from the website. Make sure you have it installed before the event on Saturday, at least you own skins. You are **NOT** allowed to drive with a default game skin.

Drive in your skin only! If your skin is not in, then drive the RaceDepartment Single Driver skin.
